WHO I AM

I am a Christian mom, speaker, writer, educator and wife to Kirk. Together, we are parenting four teenagers. Our two youngest are twin girls who both have Tuberous Sclerosis Complex and other disabilities. Life has not been what we expected but has led me to my calling as a disability advocate and educator, realizing we *can* thrive, even *in* our ongoing difficult season. I hold my Master of Science in Education (Disability Studies/Ministry), Bachelor of Theology and Early Childhood Education Diploma. I am passionate about encouraging special needs parents as they press on in the battle, equipping students and leaders as they do life and minister *with* individuals and families affected by disability, and challenging everyone to see that the Church is the place where everybody fits.

#everybodyfitschurch

WHAT I OFFER
